

LOVE LIKE A RIVER

words & music by Annette Wood

Your love is like a river, flows like a river, through my soul.
Your love will leave me never, will live forever, this I know.
I'll sing all of your praises, through my days and nights, alone
You'll be ever near me, it's clear to me,
I know that your love, will flow.

Your love tells me never, I will never walk alone (no, no)
You hold me, hold me together, no matter the weather,
through the storm
I'll sing all of your praises, through my days and nights, alone
You'll walk ever near me, it's clear to me,
I know that your love, will flow.

[Instrumental]

Your love tells me never, I will never walk alone (no, no)
You hold, hold me together, no matter the weather,
through the storms
I'll sing all of your praises, through my days and nights, alone
You'll walk ever near me, it's clear to me,
I know that your love, your sweet love,
Your unconditional love, will flow.
