

~~It's You~~  
"ALEXANDRA"

Copyright 1991 - Chet Chwalik

When I see your smiling face

I know that no one can take your place

When I have you by my side

I know it's gonna be all right

Chorus

{ Alexandra, I thank the stars above

{ Cause it's you, it's you I'm thinking of

I love the way you look, as cute as can be

I love the way you talk to me

When we have to say goodbye

I have to wonder, wonder why

Chorus

{ Alexandra, I thank the stars above

{ Cause it's you, it's you I'm thinking of

{ It's you I want to see

{ (You mean everything to me

{ I really have to go

Bridge

{ (But you) know I love you so

{ Why must you cry

{ (Don't you) see we've got to try

When I see your smiling face

I know that no one can take your place

When I have you by my side

I know it's gonna be all right

Chorus

{ Alexandra, I thank the stars above

{ Cause it's you, it's you I'm thinking of
